Quick Answers

\n

Q: Which ABC island is best for a honeymoon?

A: Aruba if you want beach energy and resort amenities. Curaçao if you want culture + snorkeling. Bonaire if you want diving and quiet. There is no single 'best' — it depends on whether your priority is sand, culture, or underwater calm.

\n

Q: Can you visit all three ABC islands in one trip?

A: In theory, yes. In practice, it's expensive and logistically awkward. There are no ferries between the islands — you must fly. A 10–14 day itinerary with 2–3 days per island is the minimum, but most couples are better off picking one and doing it well.

\n

Q: Which ABC island has the best beaches?

A: Aruba by a wide margin. Eagle Beach and Palm Beach are world-class — soft sand, calm water, sunset orientation. Curaçao has good snorkeling coves. Bonaire has no natural sandy beaches to speak of — the shore is mostly coral rock.
